

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

The mission of the FCC is to protect the public interest. Please use this your criteria for changes in the structure of current regulations. At present, the mission of the FCC is being subverted by the FCC. As a citizen, I wonder where I can go for help when the agency created to watch over citizens' interests is siding with corporations whose interests in profits are at odds with the needs of their customers.

Thank you for your time and consideration.
